

Project Oasis

Dear Supporters of Project Oasis,
Namaste !!!

As we look back on the incredible journey of Project Oasis in previous years, we are thrilled to share with you the significant milestones and impact achieved, thanks to your unwavering support.

Together, We Can Do It ♥

Project Achievements:

1. Water Supply Success: Project Oasis has successfully built **37 check dams**, ensuring 24*7 water supply to more than 45 villages. This achievement has not only transformed the lives of these communities but has also become a model for sustainable water management.

2. Financial Overview: In the past years, the project Oasis has **invested \$312,000** in building check dams, showcasing our commitment to efficient and transparent fund utilization. Thanks to the collective power of our dear supporters and volunteers.

3. Empowering Farmers and Villagers: The project has positively impacted over **95,000 farmers** and villagers, significantly increasing their yearly income. Moreover, approximately **23,000 migrants** have

returned to their families due to improved economic conditions in their home villages.
4. Rainwater Harvesting Success: Harvested rainwater has recharged **2200+ wells**, leading to the irrigation of **43,000 acres of land**. This sustainable water source is a vital component of ensuring agricultural prosperity in the region.

Celebrating Milestones 37 Check Dams and Counting!!!

Team Visit to Villages

"We recently conducted a visit to the check dams in Dausa to assess the condition of both the villagers and the dams and to determine the extent of the benefits they are receiving. We observed how the check dams have significantly improved crop yields and agricultural productivity in the area. The villagers expressed heartfelt thanks to the donors of our project for the positive impact it has had on their lives. They warmly welcomed our team and expressed gratitude for our efforts."

OUR TARGET FOR 2024

The project is set to construct an additional 21 check dams in 2024, totaling a cost of 250K USD. Of these, 5 are already in progress based on previous funds. Currently, we have approximately 100K USD in funds and require an additional 150K USD to meet our financial target.

**"Drip by drip, we can make a difference.
Support our water conservation efforts
today!"**

Our Mission

Bring a positive change in the lives of 2 Million+ villagers by building **1000 check dams by 2030**
